

Highlights from ESG Achievement Awards 2020

The inaugural ESG Achievement Awards 2020 Presentation Ceremony created a platform that celebrates larger and smaller corporations and NGOs, whilst showcasing what it takes to utilise ESG initiatives and principles to mark its societal progress and commercial success.

I was honoured to receive the Honorary ESG Elite award at the first ESG Achievement Awards 2020, while New World Development Company Limited received three awards that recognise its ESG leadership. At New World Development we integrate ESG into our businesses through our Sustainability Vision 2030 (SV2030). We are committed to aligning with the world's priorities creating shared value for the benefit of all of society. Thank you to the Institute of ESG & Benchmark (IESGB) for this recognition and for inspiring companies in all sectors to incorporate ESG practices into their business. Let's prioritise sustainability and create an ecosystem of ESG leaders!

Adrian Cheng,
Chief Executive Officer at
New World Development
Company Limited

Chinachem Group places high value on Environmental, Social and Governance (ESG) criteria, considering them an integral part of its operations at strategic, departmental and project levels. Named the Outstanding ESG Performer of the Year, and winning a Special ESG Award – Outstanding ESG Company (Diamond), at the ESG Achievement Awards 2020.

These recognitions are testament to the effort we have made in integrating a sustainability vision into our core business strategies.

Chinachem Group

Our continued efforts in ESG has achieved another significant recognition. HKHS has been awarded Diamond under "Special ESG Awards – The Outstanding NGO", the highest accolade of the category; as well as Platinum under "Special Awards (Criteria set by Fund Managers) – Outstanding ESG Company" at the ESG Achievement Awards 2020.

Being a "HousingLaboratory", we are committed to supporting and promoting sustainability in construction, property management and corporate operations with an innovative mind, creating a better living environment for Hong Kong. We are greatly encouraged to have received the awards from the Institute of ESG & Benchmark (IESGB). We will keep on our ESG endeavours and build a liveable Hong Kong for the generations to come.
